

PUBLIC NOTICE

Proposals to provide Rural Needs Housing

January 11th 2012

Bellingdon & Asheridge Village Hall

4.30 – 7.30pm

Paradigm Housing Group will be exhibiting new proposals for an extension to the cul-de-sac at Bloomfield Cottages to provide a small Rural Needs Housing scheme. The exhibition will show how the new scheme addresses the issues raised by the 2010 planning application on part of the same site.

The exhibition will consider Chiltern District Council's new policy on such Rural Housing schemes, introduced since 2010. It will include details of different ways that the new housing could be laid out on site. The visual impact of the scheme in comparison to other possible housing sites in the Parish will be shown. Details of the reduced impact of the scheme on trees on site will be provided. Updated information will also be provided on Housing Needs within the Parish which the scheme seeks to address.

We welcome Parishioners input on our initial thoughts on how we have sought to address concerns raised to the previous scheme.
